Sugar (WSC):	14.58	ADF:	32.58
aNDF:	54.11	RFV:	109
RFQ:	98.63		

Inspector Notes

Line of Barley Hay that shows signs of weather damage. It was obviously in a good big windrow because some presents quite well and the others that was at the top of the windrow presents weathered. There is spotting throughout but it has retained some smell. Good colour, excellent shedding and quality of bales.
