ME (Mj/kg DM):	8.86	CP:	11.78
Sugar (WSC):	13.05	ADF:	34.75
aNDF:	51.75	RFV:	111
RFQ:	105.27		

Inspector Notes

Line of Wheaten Hay that holds good colour but shows spotting throughout. It was on the ground for quite a long time. It was in Big windrow which protected a lot of the hay so that's why holds its ok colour. Smell is surprisingly okay if not a little bit musty. But this hay would suit most jobs. I think it'll feed test okay. Excellent shedding and excellent bales really good to Transport.

Visual Inspection

Year of Harvest:	2025	Month of Harvest:	Dec
Visual Colour %:	60%	Leaf Retention:	Leafy and Good
