| Bale Weight:     | 650           | Bale Size:   | 8X4X3 Large Squares |

Feed Test Results

|                |        |             |       |
|----------------|--------|-------------|-------|
| Moisture:      | 13.42  | Dry Matter: | 86.58 |
| ME (Mj/kg DM): | 8.81   | CP:         | 17.12 |
| Sugar (WSC):   | 6.62   | ADF:        | 38.73 |
| aNDF:          | 50.84  | RFV:        | 107   |
| RFQ:           | 102.44 |             |       |

Inspector Notes

Good utility line of 1st cut Lucerne, ryegrass percentage varies across batch to almost 100% lucerne. Not quite the vibrant green or lucerne aroma that we expect.

Visual Inspection

|                   |               |                      |                                                                 |
|-------------------|---------------|----------------------|-----------------------------------------------------------------|
| Year of Harvest:  | 2025          | Month of Harvest:    | Nov                                                             |
| Visual Colour %:  |               | Leaf Retention:      | Leafy and Good                                                  |
| Leaf Texture:     | Mild          | Smell:               | Good Hay Aroma                                                  |
| Stem Width:       | 5mm or less   | Cutting Stage:       | Before or at flowering                                          |
| Weeds:            | 1-5%          | Weed Species:        | Milk thistle and ryegrass                                       |
| Contaminants:     | None Observed | Contaminate Details: | Good leaf retention, lost vibrant green due to damp conditions- |
| Flag Leaf:        | 1-5%          | Staining:            | Some Staining                                                   |
| Chopped:          | No            | Conditioned:         | Yes                                                             |
| Organic:          | No            | Moulding:            | No Mould                                                        |
| Spotting:         | No Spotting   | Avg. Moisture:       | 13.70                                                           |
| Top Moisture:     | 17.70         | Bottom Moisture:     | 7.90                                                            |
